FLASH 8000
WIRELESS POWER BANK

Thank you for purchasing this Merlin Product. Please read the instruction manual carefully before using the product.

The documentation provided will allow you to fully enjoy all the features this unit has to offer.

Please save this manual for future reference.

Instructions

The Flash 8000 has a capacity of 8,000mAh and has a wireless charging function. It also has one QC3.0 Type A USB output and one Type C USB connector for charging and devices such as mobile and tablet devices.

1) Before first usage please fully charge the device by connecting a charging cable to power bank's micro USB port(1) with a 5V/2A power adaptor.

Note: While the device is charging, the LED indicator light will keep flashing, indicating the level of charge. Once completely charged, the LED will stop flashing and remain lit.
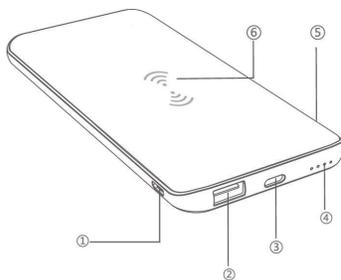

2) To check the charge left in the power bank, press the power switch once. The LEDs(4) will indicate the level of power:

> 1 LED: <25%
> 2 LEDs: 25–50%
> 3 LEDs: 50–75%
> 4 LEDs: 75–100%

3) Switch on the Flash 8000 by short pressing the power button(5). Devices can be charged by placing a wireless enabled mobile on top of the power bank (6). There is also a USB type C port (3) and a USB type A (2) for charging devices.

Please note: The Type A is QC3.0 compatible. A mobile with quick charge function can use the advantage of fast charging.

FAQ

Q) How long does it take to charge?
A) Approximately 4 – 6 hours .

Q) Why is my device not charging?
A) Make sure that the power bank has enough charge, and that your device is properly connected and it is switched on.

Q) My device is charging but at a slow rate.
A) If your device is not charging properly and there's one LED lit, this might be a sign that the power level is very low and needs to be recharged.

Maintenance:

1. Retain these instructions for future use.
2. Clean the product with a damp cloth and mild soap.
3. Do not expose this product to rain or moisture.
4. Be careful not to turn or twist the cables used in this product too much as it can lead to malfunction and failure.
5. This product is not designed to be submerged in water and will malfunction if this occurs.
6. This product has no user serviceable items inside. Do not open this product as the user risk injury and would void the warranty.
7. Keep unit away from strong magnetic fields to avoid interference with the product.

LIMITED WARRANTY

Merlin Products are covered by a limited one-year warranty policy. If the product suffers from a manufacturing defect, the customer will receive a replacement if claimed within 15 days of the purchase date. Otherwise, the product will be inspected for possible repair options. The product will either be repaired and returned free of charge, or replaced. All repair services past the one-year warranty period will be charged for any repairs that need to be made.

If the client is located outside the UAE, or is otherwise unable to personally deliver the defective product to our service center or retail outlets, he/she may send it via post at his/her own cost. The repaired/replaced product will then be returned to the client via courier mail at Merlin's cost, as long as the warranty period is still active.

Important: This limited warranty DOES NOT COVER normal wear and tear, accidents, damage during transit, misuse, abuse or neglect. Attempting to disassemble the unit will render the warranty null and void.
