

## Pocket Projector PRO

Your Ultra-Mobile Pocket Projector

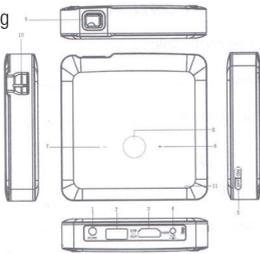

Thank you for purchasing this Merlin Product. Please read the instruction manual carefully before using the product.

The documentation provided will allow you to fully enjoy all the features this unit has to offer.

Please save this manual for future reference.

### Device Interface

- 1) 3.5mm Audio out port
- 2) 5V USB port for charging
- 3) HDMI/MHL input
- 4) DC 12V/1.5A input
- 5) Power switch
- 6) Volume up
- 7) Volume down
- 8) Mode
- 9) Optical Lens
- 10) Focus wheel
- 11) Battery indicator LED

### Instructions

- 1) Connect your smartphone/tablet to the HDMI/MHL input port on the projector's using the included HDMI cable.  
[Note: Apple devices require an Apple Digital AV Adapter (sold separately) for HDMI use.]
- 2) Turn the projector on using the power switch located on the right side.
- 3) Adjust focus using the "Focus Wheel" located on the left side of the projector.
- 4) The projector has two display modes (Movie & Document), which can be adjusted via the "Touch-Sensitive Mode" button at the top of the projector.
- 5) Use the "Touch-Sensitive Volume" keys on the top of the projector to adjust the volume of the projector's inbuilt speakers.
- 6) Use the audio output port to connect the projector to an external audio system or headset.
- 7) To charge the projector, connect the included adapter to the charging port at the back of the projector.
- 8) To use the projector as a backup battery, connect your smartphone to the 5V USB Out port at the back of the projector.

- 9) The projector can display media just about anywhere. However, for best results, we suggest you find a light-colored wall (preferably smooth and white).

### Maintenance

- 1) Fully charge the device's battery (approx. 3–5 hours) before first use.
- 2) Do not apply excessive force on the Focus Wheel or when inserting cables.
- 3) Connect cables in the right direction.
- 4) Do not block the vents located on the sides of the projector to avoid overheating the unit.
- 5) Do not pour water or other liquids on the device.
- 6) Use only specified chargers that meet the device's voltage rating (12V/1.5A).

### FAQ

- Q) The projector is not powering up.  
A) Check if the projector has charge. If not, connect it to the charging adapter.
- Q) The display shows 'No Signal'.  
A) Ensure that you've connected the cables properly and in the right direction.
- Q) The video showing on my wall is blurry.  
A) Adjust the Focus Wheel on the projector to fine-tune the picture. However, it may also depend on the projection surface. Try displaying the picture on a smoother surface.
- Q) I can't hear anything from the projector's built-in speaker.  
A) Ensure that the projector/source volume is not set at zero.
- Q) The projector is not responding.  
A) Use a pin to press the 'Reset' button (located at the back) to restart the projector.

### LIMITED WARRANTY

Merlin Products are covered by a limited one-year warranty policy. If the product suffers from a manufacturing defect, the customer will receive a replacement if claimed within 15 days of the purchase date. Otherwise, the product will be inspected for possible repair options. The product will either be repaired and returned free of charge, or replaced. All repair services past the one-year warranty period will be charged for any repairs that need to be made.

If the client is located outside the UAE, or is otherwise unable to personally deliver the defective product to our service center or retail outlets, he/she may send it via post at his/her own cost. The repaired/replaced product will then be returned to the client via courier mail at Merlin's cost, as long as the warranty period is still active.

Important: This limited warranty DOES NOT COVER normal wear and tear, accidents, damage during transit, misuse, abuse or neglect. Attempting to disassemble the unit will render the warranty null and void.
