FAQ

Q) The projector is not powering up.

A) Check if the charger is properly connected to the projector and the mains and make sure that the projector have enough charge to operate.

Q) No Display from HDMI.

A) Re-check the connections of the projector from the source. Loose connection or faulty cable(s) can cause this issue. Adjusting the source's resolution may also sort it out.

Q) The display is not clear.

A) Properly adjust its focus and make sure to use appropriate screens. Projection quality are also affected by the screen quality in terms of brightness and color.

LIMITED WARRANTY

Merlin Products are covered by a limited one-year warranty policy. If the product suffers from a manufacturing defect, the customer will receive a replacement if claimed within 15 days of the purchase date. Otherwise, the product will be inspected for possible repair options. The product will either be repaired and returned free of charge, or replaced. All repair services past the one-year warranty period will be charged for any repairs that need to be made.

If the client is located outside the UAE, or is otherwise unable to personally deliver the defective product to our service center or retail outlets, he/she may send it via post at his/her own cost. The repaired/replaced product will then be returned to the client via courier mail at Merlin's cost, as long as the warranty period is still active.

Important: This limited warranty DOES NOT COVER normal wear and tear, accidents, damage during transit, misuse, abuse or neglect. Attempting to disassemble the unit will render the warranty null and void.
